

Add a news/blog post to the news list ("Blog post & pages" macro)

Create a new blog post

1. Make sure you are in the correct space.
2. Click on the "Create" button.
3. Choose "Blog post".

Add content

- Add title, picture and body content (text, tables, links etc.)

Note

You need to add the **excerpt** macro if you want to be able to define the content shown on the dashboard. Otherwise, Confluence will display the first 500 characters of the content. For more information, please refer to "[Define what text of a page or a blog post appears on the dashboard](#)".

My new news article
